

## Northwind India - Strategy 2026

### Executive summary

This document sets out the commercial strategy of Northwind India for the fourth quarter of 2025 and for 2026.

Revenue target: the fourth quarter revenue target is 12 crore rupees.

The strategy prioritises the enterprise segment, which delivers the highest margins.

## Pricing and hiring

Pricing: the enterprise plan price will increase by 10 percent from January. The starter plan price will not change.

Hiring: Northwind India plans to hire 20 engineers in Bengaluru during the first half of 2026.

International: an office in Singapore will open in the second quarter of 2026.
